# Welcome to the world of CarpZoom!

We are proud to present you the new CarpZoom Trade Catalogue 2023.

Not only 2020 were smitten by the pandemic but 2021-2022 as well. We still trust that most of us have got over it without serious consequences.

Angling is a perfect hobby at any time but especially in these days being enjoyable alone or with friends still keeping the distance. We would like to help you with new products: new baits, rods, reels and other accessories.

We trust that everyone will find something useful in our new product range regardless if preferring the traditional techniques or the trendy methods.

Passion, quality and innovation are the keywords that are reflected in the extensive product ranges covering the needs of all anglers, from the most accomplished to the least experienced.

Good health and tight lines in 2023!

We, a group of committed experts in angling at CarpZoom, have worked a lot to develop our supply and service and to introduce new products in order to meet these challenges. However, our policy has not changed: we are committed to meet the requirements of the wide range of fishermen, including hobby anglers willing to have some fun at the lake, to the devoted fanatics chasing the big fish.

We always work closely with our esteemed partners (being also our friends) and grow our business together. We pride ourselves on flexibility to help our partners to share the success of Carp Zoom. The satisfaction of our customers is based on several topics we lay a big emphasis on:

- Selection of high quality ingredients by our own experts with many years of experience.
- Strict quality controls of the whole process from the raw materials to the ready products.
- Continuous testing under various conditions by our experts and field testers from the first prototype until the product is available in the market.
- The most up-to-date production technology to ensure the constant high quality.
- Top quality packaging materials to ensure the freshness throughout the shelf life.
- Flexible services offered by our well trained staff.

Should you have any questions please do not hesitate to contact us.

## **BAITS**

CarpZoom started as a bait brand more than 10 years ago and although the significance of other tackle categories is growing continuously bait manufacturing remains the core business. Our knowledge and experience gained during this period ensures that anglers can find a bait solution for every needs and circumstances.

We offer a nice range of special baits for the feeder and method feeder fishing enthusiasts, too.

## SWEET ANGLER'S MAIZE

A traditional, proven and well known bait which is indispensable for the carp anglers. Made of high quality corn with special cooking process to withstand even the biggest cast without breaking up. Modern preserving technology ensures long shelf life.

### FISHING CORN, SUPER SWEET

The CarpZoom Fishing Corn has been designed specifically for fishing using only the finest and sweetest corn kernels selected by some of the best anglers. Its soft but robust texture ensures enough toughness to stay on the hook when cast and soft enough to be irresistible to the fish. Perfect for using as a hook bait, for loose feeding, or enriching your groundbait. Great for adding additional flavours or dyes. Suitable for all coarse fish such as carp, tench, bream and roach. Supplied in a ring pull can for ease of use on the bank.

CZ 5164	425 ml (340 g)
CZ 5157	212 ml (160 g)

### TURBO SEED PLUS

Different kinds of cooked seeds and mixtures ready to use on their own or to enrich groundbaits for increased attraction of the carps to the baiting place.

**INTENSE PELLET METHOD GROUNDBAIT**

This method feed material has a high content value and an intensive attracting effect. It has two kinds of pellets of Dutch Coppens premium quality: while the extreme attractiveness is guaranteed by the ground meal which has a high protein and fish oil content, the long-lasting attracting-effect and the keeping the fish feeding longer is ensured by the micro pellets contained in it. The dissolution time of the material is approx. 30 minutes depending on the temperature of the water. In addition to the intense aroma of the ingredients and the high fish oil content, the mixture also contains betaine which is an extra appetite enhancer. Its use is easy: mix it with water to achieve the right consistency. It can be used immediately after 10-15 minutes. The stuff is particularly intensive and helps a quick and successful fishing. The premium quality method feed material can be safely used even in competitive conditions.

**Fish Mix**

Due to its special aroma made from different fish flavours it can be the best solution in warming waters.

**Vanilla**

Traditional and proven flavour recommended for the whole season from early spring to late autumn.

**Honey**

Proven flavour and mixture of quality ingredients.

**Feeder Carp**

Suitable also for feeder fishing.

**XXL Carp Red**

Strawberry flavoured special mix targeting big carps.

**Strawberry**

When tradition and modern technology meet.

**Cold Water**

The best solution to attract carps when the water is cold thanks to its unique ingredients and flavouring.

**River - cheese**

The texture, nutritional values and flavouring are developed for meeting the demand raised by river fishing. Perfect any kind of non-predatory fish, especially for common barbel.

**XXL Carp Yellow**

Honey flavoured special mix targeting big carps.

### FEEDER ZOOM GROUNDBAITS

The Feeder Zoom groundbaits are developed focusing on the requirements of feeder fishing. Based on a proven winning formula and experience in specimen fishing we combined efficient ingredients with 9 hitting flavours to 3 variations.

### CZ 8752 SUPERB ADDITIVE BETAIN HCL

Boilie makers have known the Betain HCL with 98% purity as an appetizer. Can be used not only for boilies but for feeding mixes and hookbaits as well. Recommended dosage: 2-5 g/kg.

NET WEIGHT/BAG	40 g
TOTAL BAG/CTN	12
GROSS WEIGHT/CTN	0,61 kg

### MAGGOT GLUE • CZ 2385

The perfect solution if you wish to use live maggots to your groundbait. If you want loose but long lasting gluing, mix the groundbait glue to the dry groundbait. When mixing the glue to the wettened groundbait, the mix will hold stronger but the dissolving time will be shorter.

NET WEIGHT/BAG	120 g
TOTAL BAG/CTN	12
GROSS WEIGHT/CTN	1,75 kg

### CZ 8639 SUPERB ADDITIVE FISH MEAL

The fish meal has a quite high protein content (around 60%) while the fat content is rather low. Perfect additive for making groundbait, boilie, pellet or any other bait increasing the protein content of the base mix. Recommended dosage: 10-20%.

NET WEIGHT/BAG	400 g
TOTAL BAG/CTN	20
GROSS WEIGHT/CTN	8,50 kg

### SUPERB ADDITIVE GROUND CORN GERM PELLET • CZ 8608

Carp love feeds with high protein and amino acid content. Since the corn germ is rich in them it not only lures the fish but keeps them at the feeding place. It can be used on its own but the best is to add it to the groundbait in a ratio of 10-30%.

NET WEIGHT/BAG	500 g
TOTAL BAG/CTN	20
GROSS WEIGHT/CTN	10,50 kg

### CZ 8646 SUPERB ADDITIVE GROUND LUCERN HAY

A great additive to use when fishing for grass carp (amur). Its colour, high fibre content and typical smell make it irresistible. Recommended dosage: 10-30%.

NET WEIGHT/BAG	250 g
TOTAL BAG/CTN	20
GROSS WEIGHT/CTN	5,50 kg

**R<sup>2</sup> PVA PELLET MIX**

When developing the composition of R<sup>2</sup> PVA pellet mix, it was put a lot of emphasis on ensuring that the box should contain high-quality pellets. While the universal basic version, which can be used effectively in any season, includes the premium quality Intensive, Premium Select, Red Premium Selected and Premium Carp pellets from the Dutch company Coppens, the +20 Celsius version, which promises large catches even in the summer heat, contains the Premium Select, Green Betaine, Red Premium Select and Premium Carp pellets. These pellets also come from the Dutch manufacturer. The pellets contain appetite enhancers, essential oils, fish oils and vitamins, attracting fish like a magnet even in times of poor fishing. Due to its composition, it can be used effectively in any season. We recommend it specifically to PVA bag fishing.

**ALL SEASON METHOD BOX**

When developing the composition of the All Season Method Box, it was placed great emphasis on the inclusion of high-quality pellets in it, so premium quality pellets from the Dutch company Coppens were included in the mixture. Due to its composition, it can be used effectively in any season. Its application is simple: the desired consistency can be achieved by adding liquid little by little and shaking the box. In warm weather it is worth moistening from time to time the already mixed pellets. It can be used effectively in wild waters as well as in poorly fished lakes. We recommend it specifically to feeder anglers, but any other feed stuff can be made more substantial with it.

## PRE-DRILLED HALIBUT PELLETS

Pre-drilled sinking halibut pellets for using as a hook bait or for feeding. Proven and successful bait with high nutritional value, rich in soluble fish proteins, vitamins and minerals. Excellent during warm periods when fish are actively feeding. The optimal sized whole makes it simple to use on the rig but it can be used for feeding, spodding, groundbaits and method mixes. Ideal bait for carp, catfish and barbel.

### GIANT CARP-CATFISH BOILIE

An old classic saying says: "big bait, big fish". It is especially important to select the fish that come to our hook in waters which are richly stocked with smaller carp. The 40-millimeter-diameter Giant Carp-Catfish Boilie helps us in this job. This boilie attracts capital carp not only because of its size, but also because of its content value, flavours and the attractants contained in it. Since it is made in bloody, liver and fish versions, it can be effectively used for catching capital carp and catfish. It is an excellent alternative for anglers who specifically prefer fishing capital carp and catfish.

### SUPERB POP UP

Right after hitting the water it starts to gush an intense cloud of colour and flavour which goes on and on for quite a long time luring the fish to the hook. The increased and long lasting buoyancy makes this pop up excellent to use on a Zig Rig. It has a great rubbery-foamy texture and easy to pierce with boilie needle. It easily withstands powerful casts over 100 m. Perfect choice for competitions.

NET WEIGHT	40 g
PCS/CTN	12
GROSS WEIGHT/CTN	1,00 kg

### FLUO POP UPS COLOUR MIX

The main purpose of fluo pop ups is to be as eye-catching as possible to mark out from the water bed or from the feeding place. Available in a brilliant colour mix with natural flavour. Convenient to use with an aroma or dip of your choice. Thanks to its improved formula it is more resistant and buoyant. Easy to pierce while withstands the shock of bigger casts.

**ARTIFICIAL SNAIL • CZ 0229**

Various snails and shells are the favorite natural food of carp, so serious catches can be achieved with this lifelike bait imitation. Thanks to its porous material, it floats in the water. It can be easily aromatized. The taste and fragrance substances are gradually released from it. It can be used multiple times. It is effective on its own, but also in combination with other baits. It is especially recommended to carp anglers who are fond of capital fish.

**new**

**METHOD CORN**

FEEDER COMPETITION

A truly realistic corn imitation with perfect softness superb for using not only on hair rig or bait spike but it is easy to place it on the hook as well. It is slightly suspending so making perfectly balanced setup is really simple. We soaked them in our best aromas to further enhance the catchiness.

**N-BUTYRIC ACID ATTRACTOR • CZ 9057**

The quite antisocially smelling N-Butyric acid is one of the best bait additives ever and it is a purely organic bait additive. Recommended to enhance groundbait or hook bait. Simply pour a small quantity on the filled feeding basket and it is ready to go. Combine it with sweet aromas.

MEASURE	75 ml
TOTAL POT/CTN	6
WEIGHT/CTN	0,65 kg

**N-BUTYRIC ACID AROMA LIQUID • CZ 9064**

The use of baits containing N-Butyric acid has been widely spread among anglers and not for nothing. Although, it has a deadly stinking smell it is one of the most catchy and purely organic bait additives. The only important thing is that never overdose it since in this case it rather scares away the fish. Use it as a 'background' flavour and combine it with sweet aromas. Dosage: 200ml / 5-10 kg.

MEASURE	200 ml
TOTAL POT/CTN	24
WEIGHT/CTN	7,30 kg

**N-BUTYRIC ACID AROMA SPRAY • CZ 4082**

The overpowering stench of the N-Butyric acid makes it one of the best bait additives. Recommended to use during summer and early fall. The spray packaging and consistency of the liquid help to cover the surface of the hook bait or the groundbait stuffed into the feeding basket. Sticks perfectly to the bait ensuring continuous luring effect.

MEASURE	50 ml
TOTAL POT/CTN	10
WEIGHT/CTN	0,70 kg

**PURE CORN OIL • CZ 6963**

Rich in nutrients and fats, the cold pressed CornGerm Oil is perfect for aiming the nonpredatory fish, especially the carp and grass carp. The slight pop corn smell ensures a great luring effect and thanks to some of its ingredients it is an appetite stimulant. Recommended to use from spring till autumn but when the water temperature is below 10 °C the oil can harden and hinder the break down of the bait's ingredients.

MEASURE	330 ml
TOTAL POT/CTN	6
WEIGHT/CTN	2,30 kg

**METHOD FEEDER ATTRACTOR + BETAIN** FEEDER COMPETITION

The Method Feeder Attractor + Betaine contains natural amino-acids and sugars with a good amount of betaine added. This combination ensures blasting luring effect.

## FERMENTED AROMA LIQUID

The fermented baits and feeding materials have a particular importance in warm waters. Who wouldn't have fermented corn? Its indisputable grip is accompanied by a strong smell. We have locked this flavor, and any time you can prop the feed-mixture up, or make the baits flavor with it. The production takes place with a strictly regulated and special composed culture at a low pH. As result during the lactic acid fermentation, important starches, nutrients, and flavors become available for the fish, with a good effect on their intestinal tract. The lactic acid base has been further enriched with intense aromas, so it is available in several flavours. We wholeheartedly recommend it to all carp and grass carp anglers, especially in the summer season for catching capital fish using Fermented Aroma.

### FAVOURITE AROMA LIQUID PELLET PLUS

This attractive flavor concentrate was made using high-concentrated, intensive and natural flavorings whose attracting power is enhanced by three-millimeter, high-protein and appetite-stimulating micro-pellet, which is found in the concentrate. Both the aroma and the pellet exert their effect by gradually dissolving, attracting the fish to feeding even from greater distances, so it can be achieved good results with it even in wild waters and in times of poor fishing. One bottle is enough to aromatize up to 10-15 kg of feed material (mix, seed mix, stick mix, method mix). It is PVA friendly, so in addition to feeder anglers, we also recommend it to boilie lovers.

### FAVOURITE AROMA LIQUID

This is a concentration for remote baits so as to flavour feed materials in order to make irresistible for fish to be enticed. It contains aromas whose intensity can be controlled with water. Thanks to its extra enticing effect, it is especially recommended for using on poorly stocked or wild waters. Because of its consistency, its enticing effect lasts longer. One bottle is enough to aromatize up to 10-15 kg of feed material (mix, seed mix, stick mix, method mix). It is PVA friendly, so in addition to feeder anglers, it is also recommended to boilie lovers.

### ALL SEASON METHOD LIQUID

This is a highly concentrated liquid specially mixed for stimulating the appetite of fish. It contains natural sugars and amino acids which make it very attractive for fish. Due to its texture, it is perfect for sprinkling the contents of the method basket, but it can also be used to flavour pellets, boilies, and PVA packages. By gradually solution of the surface of the pellet and boilies, the irresistible flavour and aromas of the substances come out. The stuff is specially made for four-season fishing. The smelly-amino version shows its true power at water-temperatures above 20 degrees Celsius. It is the perfect solution if it is wanted to achieve quick results.

### R<sup>2</sup> PVA GREEN BOOSTER

As in the case of predatory fish, it can also be possible to increase the chance of catching peaceful fish if we arouse the fish's interest with some visual stimulus. The Green booster helps with this because, in addition to containing a lot of appetite enhancers, flavour and aroma substances, it creates a smoke-like spectacular effect under water. Thanks to its lifting properties, it exerts an enticing effect both horizontally and vertically around the offered bait. Due to its texture, it can be pressed onto the bait and the feed material, and the PVA package can be made more attractive with it. It is great for fishing in fish-poor waters or if we want to achieve quick results.

### INTERCEPTOR POLE ROD

Quick, dynamic action and loadability feature the Interceptor Pole Rod. The high quality carbon fibre used for this rod ensures a perfect parabolic action when under load. If used with elastic even big fish can be fished for. Recommended for those anglers who want an all-around pole rod.

### ENTRANT MULTI POLE ROD

Durable pole rod made from composite material. It resists hits better than a traditional carbon rod with the same wall thickness. Perfect to use on stony shore. Smaller ones are great for children while the bigger ones can be used for catching bigger carp or crucian carp especially if they are equipped with elastic.

### FORCE TELEMATCH

High grade carbon material is used for the ForceTelematch, so casting further and retrieving the fighting fish is no match with this rod. Some additional features are the single leg SIC guides, the strong and durable reel seat and the cork/non-skidding handle grip.

### ATOMIC TELE CARP ROD

The focus was on the needs of the anglers fishing for non-predatory fish. The strong yet flexible blank ensures a very enjoyable fight. It is a real match for the big fish.

### TELE ALLROUND

The Tele Allround is a practical all purpose rod for those just starting out infishing. The wide range of lengths and casting weights ensure it will meet most demands. It features carbon composite blank and EVA handle grip.

# FISHING RODS

Manufactured using high grade materials, we are proud to offer a range of rods for anglers regardless of their experience or budget or the fishing method they prefer: carp fishing, boilie fishing, general purpose rods, feeder rods, spinning rods, etc. Functionality and quality are very important but not the only ones. The appearance is a key feature as well so our rods look good, too.

**SERIE FINE**
**FEEDER COMPETITION**

The Serie Fine rods are made for the fine fishing enthusiasts. These competition feeder rods can be used successfully even in every-day fishing. Thanks to its specific design, the up-to-date materials and technology, the slim carbon blank and the new-generation lightweight guides they are ideal choice for casting to short or medium distances targeting bream or middle-sized carp but thanks to the excellent reserve of strength and flexibility bigger fish can be handled with ease as well. Comes with 3 carbon tips.

CZ 5836	270 cm	80-180 g	140 cm	245 g	2+3	SIC

### MAX-X BOAT FEEDER

The Max-X Boat Feeder Rod is the answer to a new but rapidly increasing demand. The shorter but stronger blank ensures easy use in a boat and harder fighting with the fish while the three different tips can show even the slightest touch. It can be used successfully even for ice fishing.

code	length	c. weight	t. length	weight	sec.	guides
CZ 9927	270 cm	5-25 g	141 cm	5-25 g	2+3	SIC
CZ 9934	300 cm	7-30 g	155 cm	7-30 g	2+3	SIC

### ARCANE PICKER

Built slim yet strong carbon fibre blank with quick action, double/single leg SIC guides, strong and durable reel seat and cork handle grip feature the Arcane Picker rod. Real quality anyone can afford. Comes with 2 glass and 1 carbon tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6247	360 cm	70-140 g	127 cm	295 g	3+3	SIC
CZ 6254	390 cm	60-180 g	136 cm	345 g	3+3	SIC

### ARCANE CARP FEEDER

This strong rod is perfect for hunting down big carp and grass carp. The slim, light blank has enough in reserve to cast heavy feeder baskets over long distances. The single-leg guides with SIC inserts help to keep the original characteristic of the blank. Comes with 2 glass and 1 carbon tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6223	360 cm	120 g+	126 cm	380 g	3+3	SIC
CZ 6230	390 cm	150 g+	136 cm	480 g	3+3	SIC

### TEMPO FEEDER

The Tempo Feeder features a strong blank, light single-leg guides with SIC inserts and an EVA/cork handle. It is recommended for bigger fish and fishing at middle and long distances. Comes with 3 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 2620	330 cm	30-70 g	114 cm	256 g	3+3	SIC
CZ 2637	360 cm	50-100 g	125 cm	308 g	3+3	SIC

### ENTRANT MH-X FEEDER ROD

The composite material used for the production of the Entrant rod makes it sturdy, reliable and versatile. The robust blank withstands an extreme load and it is a perfect choice for everyday use or for beginners thanks to its forgiving characteristics.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6476	360 cm	60-120 g	128 cm	320 g	3+3	S-SIC
CZ 6483	390 cm	70-140 g	133 cm	365 g	3+3	S-SIC

### ENTRANT FEEDER

The Entrant Feeder is affordable but doesn't compromise on quality. Comprising three matt black sections with single/double guides and SIC inserts, together with an EVA handle, it is a perfect choice for those who have just started to catch carp using the feeder style. Comes with 3 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6193	240 cm	5-15 g	124 cm	190 g	2+3	S-SIC

CZ 6216	300 cm	10-25 g	155 cm	240 g	2+3	S-SIC

### ENTRANT PICKER

The Picker rods in the Entrant series are made from two-sectioned, strong blanks and single/double-leg guides with SIC inserts. The design and the EVA/cork handle create an attractive look. Comes with 3 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6278	330 cm	40-90 g feeder	66 cm	282 g	6+3	S-SIC

### ENTRANT TELEFEEDER & ENTRANT TELEPICKER

This version of the Entrant Picker and Entrant Feeder combines the practicalities of a telescopic rod with the advantages of a picker rod. Comes with 3 glass tips.

**VALIANT CARP** MARSHAL

Graceful appearance and clean design feature the Marshal Valiant Carp rod. Light, well balanced yet potent blank and large sized guides with metal inserts help to achieve distant casts and enjoyable fight with the fish. A good choice for a competition and unbeatable when pleasure fishing.

**SLIM CARP** MARSHAL

A real multiuse rod made from top grade carbon material featuring an elegant slim design. Its detailed design is very sophisticated. The blank is super slim but its material is highly durable. It features six double leg SIC guides, gracile reel seat, foam butt cap. It has a perfect playing action during the fight.

- Extra slim blank,
- quality double leg SIC guides,
- metal reel seat,
- non-skidding handle grip,
- strengthened tip guide.

**MESHPRO CARP**

MeshPro rods are designed for those anglers willing to have quality at an acceptable price. The result of our efforts is this rod range. We kept even the smallest details in mind, for example the parts of the rods wearing the most of the load are reinforced but kept flexible for

the perfect action. The two leg guides with SIC inserts ensure even load distribution all along the matt black carbon fibre blank. The line clip, the strong and durable reel seat, the non-skidding butt grip and the metal buttcap are the additional features of this rod.

**MAXIMAL CARP**

The Maximal Carp has a rather soft blank helping to avoid the fish unhooking itself by chance but it has enough reserve for hard fights.

**SCIROCCO CARP**

A great general-purpose fishing rod. The blank is made of light and flexible materials with average sized guides and wear-resistant inserts. Its dynamic action helps long casts while handles the load perfectly when playing big fish.

**SCORE CARP**

This fishing rod, with a graceful and modern design, consisting of two parts, has been manufactured in the known classic and highly popular lengths. Its massive two-foot mixing ring and the wear-resistant SIC ring series are almost indestructible. The rod performs well during both fatiguing and dynamic throwing. Its material is flexible, which gradually hardens during using, resulting in grinding up the outbursts of the tired fish. Its EVA handle is easy to clean. Due to its size, it can be easily carried.

**CORK ACTION CA3**

Stylish appearance, cork handle and abrasion-resistant guide inserts feature the all-purpose carp rod Cork Action CA3. Thanks to the 3 section design it is perfect for those looking for an easy to carry rod while accepting no compromise in strength for handling big fish and in dynamics for long casts. The slim blank may seem a bit soft but due to its perfect characteristics it can withstand the load generated by the fish, protecting the leader line with its flexibility and eating up the resistance of the fish.

CZ 5850	390 cm	3,50 lb	137 cm	495 g	3	SIC

**CORK ACTION CARP CA2**

The progressive and full parabolic action of the high modulus carbon blank and the SIC guides guarantee long and accurate casts while the full cork handle provides comfort and style.

**ACTION CARP**

The slim blank of the Action Carp rods ensures real fun when playing the fish. The long blank combined with bigger-than-average guides and SIC inserts helps to reach far target areas. The matt black finish and metal butt cap give the rod a spectacular appearance.

### ENTRANT CARP

The Entrant Carp series is the entry level of our carp rods, a real value for money. The ideally soft blank perfectly handles the sudden plunging of hooked fish. The blank received a matte black minimal design. Components include double-leg guides with wear resistant aluminium-oxide inserts and thick EVA handle for sure grip.

### ENTRANT BIGFISH

Developed for handling even the biggest catfish, this rod features an extremely strong blank armed with robust double-leg guides and will stand its ground under the toughest demands.

### SPEC SPOD

Powerful blank with tip action for precise and long casts even with heavy load. The light yet durable guides ensure acceptable rod weight.

\*ø50 mm butt guide.

**RIVER JIG** PREDATOR-Z

Speed, sensibility and strength are the main features of the River Jig rod. Meets the requirements of the jig fishing in living waters.

code	length	c. weight	t. length	weight	sec. guides
CZ 0498	195 cm	8-35 g	161 cm	165 g	1+1 SIC
CZ 0504	210 cm	15-45 g	176 cm	180 g	1+1 SIC

**HANZO SPIN ROD** PREDATOR-Z

Stylish rod in traditional lengths and casting weights. Up-to-date materials and production technology makes these rods perfect for ultra-light spinning but it can handle big predators as well. Perfect for those looking for a multi-use spinning rod.

code	length	c. weight	t. length	weight	sec. guides
CZ 7496	210 cm	7-30 g	106 cm	120 g	2 SIC
CZ 7489	240 cm	10-40 g	126 cm	140 g	2 SIC

**KARD-X JIG ROD** PREDATOR-Z

Elegant, nicely flowing spinning rod for the real enthusiasts. The strong blank handles even the wildest runs of the fish yet sensitive enough to transmit the smallest strikes.

code	length	c. weight	t. length	weight	sec. guides
CZ 2699	210 cm	5-25 g	109 cm	120 g	2 SIC
CZ 2705	240 cm	10-30 g	125 cm	140 g	2 SIC

**DROPSHOT INTENSE** PREDATOR-Z

This rod is part of the Predator-Z range and is perfect for using with smaller lures. The nicely designed carbon blank has single-leg guides holding SIC inserts and an EVA/cork handle. The rod is a real delight for drop shot enthusiasts.

code	length	c. weight	t. length	weight	sec. guides

# FISHING REELS

CarpZoom provides a range of fishing reels with nice design, quality materials and assembly tech delivering a great fishing experience for anglers. There are lots of different varieties of reels available: front drag, rear drag, freespool, baitrunner and big pit reels for fishing for any kind of fresh water fish including carp or predatory fish.

**HQ-CARP FD** MARSHAL

The Marshal HQ-Carp FD is a traditional reel specifically designed to catch really big fish. In spite of its robust appearance it is a precise and elegant reel made from quality raw materials. The durable graphite body, the CNC machined alu spool and the tested gears, shafts and ball bearings ensure long life. Thanks to the carefully selected gear ratio it winds up the line nicely. The brake can be adjusted precisely while the instant anti-reverse is a great help when fighting the big fish. The rubber brushes on the rotor avoids the line getting under the spool.

# FISHING LINES

The broad range of our fishing lines can improve your casting and retrieving. No matter if you need mono or a braid line for carp, general or predatory fishing featuring sensitivity, strength or abrasion-resistance, we've got you covered. Our monofilament lines offer great flexibility while the braided lines have high strength and minimal stretch.

**METHOD FEEDER LINE** FEEDER COMPETITION

A special mono line developed for feeder fishing. Due to its sinking ability it withstands the currents and provides direct connection between the rig and the rod.

- Low stretch
- High tensile strength
- Abrasion resistant
- Good knot strength
- UV stable

code	diameter	PT-test*
CZ 0770	0,16 mm	3,50 kg
CZ 0787	0,18 mm	4,10 kg
CZ 0794	0,20 mm	5,20 kg
CZ 0800	0,22 mm	6,40 kg
CZ 0817	0,25 mm	7,50 kg
CZ 0824	0,28 mm	8,70 kg

SINKING

150 meters

**EXTREME FISHING LINE** FEEDER COMPETITION

Developed for meeting the extreme requirements of feeder fishing.

- Extremely abrasion-resistant
- Exceptional knot strength
- Low stretch for accurate casts
- Sure hooking of the fish
- Better control over the fish
- Line color: black

code	diameter	PT-test*
CZ 1994	0,19 mm	5,70 kg

CZ 2076	0,24 mm	7,65 kg
CZ 2083	0,26 mm	8,20 kg

250 meters

**3D METHOD FEEDER LINE** FEEDER COMPETITION

The special 3D effect refracts the surface of the line, making it almost invisible even for the most aggressive fish as well. Thanks to its low elongation, it makes even the most cautious catch noticeable. Because of the modern technology used during its production, it has got a high bearing capacity and knot-tolerance, at the same time revealing itself as a soft cord, which is a perfect solution for tiring out small and large-bodied fish under both hobby and competition conditions.

code	diameter	PT-test*
CZ 0069	0,18 mm	4,30 kg

CZ 0106	0,28 mm	8,10 kg

new

300 meters

\*Practical field test, not laboratory values

**TAPERED LINE** FEEDER COMPETITION

The Feeder Competition Tapered Line offers 185 meters of the thinner line and a knotless taper going up to the thicker leader making a 15 meters long tapered leader. The thin main line runs easily through the guides enabling longer casts. The tapered section avoids having a knot for weeds to snag on. The thicker section ensures an efficient fight and lowers the chance of losing the fish. Especially recommended for feeder and method feeder fishing.

**200**  
meters

code	diameter	PT-test*
CZ 7656	∅0.18-0.30 mm	5,1/8,9 kg
CZ 7663	∅0.21-0.35 mm	5,8/12,5 kg

**TAPERED LEADER** FEEDER COMPETITION

Tapered leader line for taking the shock of casting a heavy feeder or spod long distances. The thicker section is an effective shock leader while the thinner section is easy to tie with a small knot to the main line and runs through the guides easily. Perfect for feeder and match fishing.

**5x**  
15m

code	diameter	PT-test*
CZ 7625	∅0.18-0.28 mm	5,1/8,7 kg

### CAMOU HOOKLINK 8X

The Camou Hooklink 8X is a feeder line with 8 fibers and has premium quality. It is characterized by its round cross-section and abrasion resistance. It is completely soft, so that the fish will snatch up the bait almost without resistance. It makes the knotting easier and has a high knotting tolerance. Its surface refracts due to a special camouflage painting, thus preventing any suspicion from even a careful capital carp.

code PT-test\*

CZ 9988	15 lb
CZ 9995	25 lb
CZ 0007	35 lb

### CAMOU SKINLINE

The Camou Skinline is a coated line made of eight filaments and has a circular cross-section. After removing its stiff leather-like and highly abrasion-resistant surface, its soft braided line emerges and thanks to which the fish snatches the offered bait almost without resistance. Its surface is broken by a special camouflage painting making even the most cautious capital carp unsuspecting. It can be used perfectly for preparing boilie feeders. It is an optimal choice for shelly stony terrain.

code PT-test\*

CZ 0014	20 lb
CZ 0021	30 lb

### CAMOU LEADCORE

The Camou Leadcore is a line woven of strong resistant material and has a lead insert. Due to its weight it sinks in seconds blending in completely with the bottom, so the assembly will be totally hidden even from the most suspicious carp. Its surface is broken by a special camouflage painting making it unsuspecting for the fish. Due to its strong durable properties, it can be also an excellent choice for difficult bumpy terrain near clam beds. It can be used perfectly for preparing boilie feeders.

code PT-test\* Length

CZ 0038	25 lb	10 m
CZ 0045	35 lb	10 m
CZ 0052	45 lb	7 m

### SOFT FLUOROCARBON LEADER LINE

This fluorocarbon leader line is softer than the traditional ones making it much easier to prepare your leader. Features abrasion resistance, high knot strength and it is virtually invisible in the water. Best choice for waters with the bottom covered with sharp stones or mussels.

code diameter PT-test\*

CZ 5119	0,44mm	14,10 kg
CZ 5126	0,49mm	17,30 kg

**SERIOUS 8X BRAIDED LINE**

This top-category braided line is meant for those anglers who do not like kidding. Thanks to a modern manufacturing process and special surface treatment, the 8X Braided Line has been given a perfect round cross-section. The tight fitting of the fibers gives the line an excellent wear resistance, outstanding knot-tolerance and high tensile strength, and thanks to its smooth surface, the surface friction coefficient is very low enabling the line flow smoothly through the ring, and ensuring an accurately long-distance throw. We recommend it specifically to those anglers, who do not accept any compromise during getting the fish fatigued, and always keep looking for reliable and high-quality braided lines.

# ACCESSORIES FOR COMFORT

A wide variety of chairs, bedchairs, tents, umbrellas and sleeping bags together with some other items ensures comfort and weather protection on the waterfront.

The key features of the products were quality and functionality during the development and testing process carried out by our experts and field testers.

**MARSHAL**

**MEMORY FOAM CHAIR • CZ 6345** Exceptional comfort is the most important feature of this Marshal chair.

- Snug mattress with memory foam filling.
- Massive steel frame.
- Adjustable legs.
- Equipped with swivelling mudfeet.
- Size: 50x50x39/105 cm.
- Folded size: 75x59x24 cm.
- Weight: 6.3 kg.

**MARSHAL**

**VIP CHAIR • CZ 0121**

The Marshal VIP Chair has three distinctive features: comfort, style and durability.

- Snug mattress with plush cushion.
- Steady and robust steel frame.
- Adjustable legs.
- Equipped with swivelling mudfeet.
- Size: 52x59x43/110.
- Folded size: 67x27x85 cm.
- Weight: 7,7 kg.

FEEDER COMPETITION

**SUPER FEEDER CHAIR • CZ 0618**

The Super Feeder Chair with durable seat box style legs offers real comfort at the waterfront.

- Snug mattress.
- Steady and robust steel frame.
- Adjustable legs.
- Swivelling mudfeet.
- Size: 55x50x60/100 cm.
- Weight: 7 kg.

  - Durable green finish
  - Payload: 40 kg.
  - Transport length: 158 cm.
  - Weight: 1,70 kg.

**TRIPOD ZMT • CZ 3436**

The Tripod ZMT is a handy and sturdy item made from stainless materials.

- Adjustable height (50-100 cm).
- Hook for extra weight if needed.
- Durable finish.
- Transport length: 60 cm.
- Weight: 640 g.

**TRIPOD STR • CZ 7558**

- Aluminium and coated steel body.
- Variable height: 55-114 cm.
- Fully adjustable legs.
- Transport size: 59x8x8 cm.
- Weight: 1,18 kg.

**FEEDER&MATCH ROD HOLDER • CZ 9323**

It is the redefinition of the rod holder led us to this new and versatile design. The 3-piece telescopic body with the 2-point of support holds the rod securely. Alternatively, even 2 rods can be put on it. Size: 80-230 cm.

**BUZZ BAR KIT • CZ 0595**

It is a three-seat, 40-centimeter-wide Buzz Bar, to which we now add a durable metal parting-tool. The end of the parting-tool is threaded, so it can also be driven into firmer soils. It has a telescopic design. It is compatible with most rod holders and bite markers.

- Length: 39-60 cm.

**CURVED ROD HOLDER • CZ 0564**

It is a massively designed, powerful curved rod holder that can be pierced even in harder dry soil. Telescopic, its length can be adjusted between 58-95 centimeters. The position of the rod holder part moves, so you can practically adjust the angle at which the fishing rod stands.

**BLACK POWER BANKSTICK**

A range of strong telescopic banksticks with secure snap lock system. The banksticks are finished in black, great for storm poles or as general use banksticks.

code	size
CZ 3002	38-71 cm
CZ 3019	61-114 cm
CZ 3026	76-145 cm
CZ 3033	122-234 cm

**SCREW BANKSTICK**

Strong telescopic bankstick with screw tip and secure quick-lock system. The bankstick is finished in green, great for storm pole or as general use bankstick.

code	size
CZ 8050	40-70 cm
CZ 8067	50-90 cm

MARSHAL

**ADJUSTABLE BUZZ BAR 11" & 12" • CZ 2478**

The adjustable buzz bar – that can be fitted to a bankstick with a thread in the middle – can be equally used to fish with 2 or 3 rods. The desired position can be adjusted with a thumbscrew. The wider bar suits to the front and the narrower to the back. It is made of high rigidity aluminium – this gives its durability. Its surface is powder coated, matt black. Size: 11" (27,5 cm) and 12" (30 cm).

**BANKSTICK** MARSHAL

The diameter of the banksticks is 15 mm, their height is adjustable, easy to hold it in place with a thumbscrew. They are made of high rigidity aluminium – this gives their durability. Their surface is powder coated, matt black.

code	size
CZ 2522	40-70 cm
CZ 2539	50-90 cm

MARSHAL

**BANKSTICK STABILIZER • CZ 2508**

The stabiliser holds the bankstick perfectly even in loose, soft soil. This practical accessory is advised to use when combining the bankstick with the buzz bar. It is made of high rigidity aluminium – this gives its durability. Its surface is powder coated, matt black.

- Size: 7,7x11 cm.

MARSHAL

**STAGE STAND • CZ 2515**

The stage stand allows you to use the bankstick on a stage. You only need to fix the adapter with a single screw (not included) to the stage board then place in the bankstick and hold in place with a screw. It is made of high rigidity aluminium. Its surface is powder coated, matt black. It only takes up a small space in your bag but many times it is a must. Size: ø3,6x7 cm.

MARSHAL

**2-ROD BUZZ BAR 8" & 10" • CZ 2485**

Made from sturdy aluminium with stylish matte black finish. Sizes: 8" (20 cm) and 10" (25 cm).

**EASY ALU BUZZ BAR**

Light weight buzz bars made of aluminium alloy. Two and three rod designs available.

code	size
CZ 1215	30 cm (2 rod)
CZ 1222	40 cm (3 rod)

**STRONG BUZZ BAR**

Durable buzz bars with stylish matte finish. Two and three rod designs are available.

code	size
CZ 1239	30 cm (2 rod)
CZ 1246	40 cm (3 rod)

code	size
CZ 6017	ø1,6x71-120 cm
CZ 6024	ø1,6x95-170 cm

MARSHAL

**STORM POLE**

- Gated Needle (0.5x1.2x43 mm).
- Barbed Needle (Ø1x40 mm).

**ORIGO NEEDLE SET 4+1 • CZ 2873** MARSHAL

A handy set of five containing four needles and a drill made of stainless steel with ergonomic handle. The two needles with the safety latch is perfect for threading drilled pellets, softer boilies or PVA bags. The other two with barb can be used for smaller hook baits without a hole, even for corn or tigernut. The drill can easily hole even a hard pellet or boilie.

- Stringer / stix needle (1.5. x 1.0 x 115 mm).
- Gated Needle (1.2. x 0.8 x 50 mm).
- Boilie Needle (Ø 1 x 50 mm).
- Fine Baiting Needle (Ø 1 x 50 mm).
- Bait Drill (Ø 1.5 x 30 mm).

**TEMPO NEEDLE & SCISSORS SET • CZ 5287**

A handy pack of 3 needles, a drill, a knot tester and a pair of scissors featuring quality stem and easy grip handle.

**BAIT BANDER • CZ 3996**

The Bait Bander makes it fast and simple to load baits into bands. Thanks to the precisely formed prongs even small baits are no match for this tool.

# RIGGING ACCESSORIES

Wide variety of fishing tackle including swivels, rig / line aligners, clips, stoppers, hooks, complete rigs, feeding baskets, etc. This great range of fishing items is the result of the experience collected during the many years of teamwork and professional calling of our experts and partners. You also can find our light sticks and different kind of lamps in this section.

**ROLL-TOP BIVVY TABLE • CZ 2324**

Lightweight yet strong table with folding 4 legged frame and roll-up top. Folds down into handy carry bag for easy transportation.

- Size: 53x51x49 cm.
- Folded size: 12x54x20 cm.
- Weight: 2,90 kg.

## MARSHAL

**VIP TABLE • CZ 6321**

Small when folded big when opened, this is the main feature of the Marshal VIP table. Perfect not only for baiting or rig making but also for cooking and having a meal. Thanks to the adjustable legs the height of the table can be set as required and the uneven ground is no problem at all. Size: 60x120x50-70 cm.

**BIVVY TABLE • CZ 3376**

This lightweight bivvy table is remarkably sturdy and offers a convenient platform for storing your essentials. The table is fitted with adjustable legs ensuring good stability. It folds flat for easy storage and comes in a carry bag.

- Size: 37x47x23/32 cm.
- Folded size: 37x47x6 cm.
- Weight: 2,40 kg.

**ELECTRONIC HOOK TIER • CZ 4207**

This clever tool comes really handy if you are tired of tying your hooks by hand. Comes with a practical carry bag. Power supply: 2pcs AAA (not included).

**CZ 1212  
LEAD PLIER**

- Robust design.
- Heavy duty steel parts.
- Loaded spring.
- Length: 9,5 cm.

**CZ 8333  
KNOT/HOOK TESTER**

Traditional T-shape knot/hook tester.

**HAIR RIGGA • CZ 3200**

Handy knotless hair rig tier that makes tying easy and simple, ensures accurately maintained length of the hair rig. Size: 10,3 cm.

PREDATOR-Z

**DIAMOND HOOK SHARPENER • CZ 3801**

This handy hook sharpener features a double sided diamond coated file with dual sharpening grooves for honing hook bottoms and points, as well as, slightly curved areas for side sharpening of hook points. The non-slip handle ensures a good firm grip.

- File length: 8 cm. Handle length: 12 cm.

PREDATOR-Z

**HOOK SHARPENER • CZ 0107**

This pocket-sized hook sharpener provides a clean, sharp point in seconds thanks to its diamond powder coating. Size: 10 cm.

**MULTIPURPOSE RIG TOOL • CZ 5997** MARSHAL

A real must have for all anglers. Multi-purpose rig tool made from metal with green finish featuring knot opener, notches for loop and knot tightening and a skinline stripper.

PREDATOR-Z

**POCKET HOOK SHARPENER CZ 3361**

This pocket-sized and retractable hook sharpener provides a clean, sharp point in seconds. Size: 7,8x2x1 cm.

**LINE CLIPPER • CZ 3276**

Compact line clipper made of stainless steel. Thanks to the special blade edges it ensures a clean cutting surface. Size: 5 cm.

PREDATOR-Z

**MOUTH SPREADER • CZ 9521**

The Predator-Z Mouth Spreader is designed to spread apart the mouth of the fish making hook removal easy. It securely keeps the mouth held open protecting your fingers from harming.

- Size: 17 cm.

**BOILIE HOOK SHARPENER • CZ 0114**

A handy 4in1 sharpening gadget: flat, semicircle, groove and 3 tapered surfaces for all sharpening jobs. The diamond powder coating ensures perfect result. Size (closed): 13 cm.

**RETRACTABLE KNOT TYER • CZ 9262**

Handy tool for making the knot/loop tying fast and easy.

- Size: 11 cm.

**KNOT OPENER • CZ 4214**

Practic aid for unbinding tight knots.

**SKINLINE STRIPPER • CZ 0902**

2 in 1 functions: skinline stripper and knot/hook tester.

**LOOP TIER • CZ 4221**

A useful tool for perfect loop every time. Comes in pack of 2 for two different sizes loops.

**CHOD TOOL • CZ 8066**

A helpful gadget to make a perfect curve on a chod rig. Simply place the hook in the groove and the swivel onto the pin of the slider. After tightening the rig heat the link carefully and it takes the curve of the tool.

**CZ 5133  
METHOD FEEDER HAIR GAUGE**

A great gadget helping to easily prepare the hair rig always in the same length between 7mm and 16mm.

**HAIR GAUGE • CZ 8073**

Easy to use tool to peel the coating off of a skinline.

**BRAID STRIPPER • CZ 8080**

Easy to use tool to peel the coating off of a skinline.

**RONNIE RIG**

The bait virtually slides into the fish's mouth almost without any resistance. A threaded bait pin helps to place the bait, so even harder boilies are not an obstacle. The motion-range of the bait can be adjusted with the help of a rubber stopper that is found on the stem. The Ronnie Rig is made with a first-class micro bearded hook and swivel.

PREDATOR-Z

**EVA FOAM FLOAT WITH LEAD**

The EVA Foam Float With Lead has a fix weight and is equipped with a rotator. It is a gadget with a 40-gram driving-up force. The body is made of durable foam, and has a hole at the top for an antenna which is removable. The antenna can be replaced during night fishing by a standard 4.5 mm-diameter light cartridge.

**TWEEZERS • CZ 9682**

PREDATOR-Z

A unique gadget to keep the live bait close to your hook. 5 cm + 1 m line.

1 pcs

PREDATOR-Z

**HOOK&LURE HOLDER • CZ 3987**

Easy to use and removable rod hook holder. The pack contains:

- 5 pcs holders.
- 3 pcs 15 mm rings.
- 3 pcs 20 mm rings.
- 3 pcs 25 mm rings.

**KNOT PULLER PROTECTOR • CZ 9919**

Particularly thin monofilament lines can cause serious problems during the process of making knots, for example, when the hands are wet or slippery, resulting in hard-to-heal cuts between the fingers. This problem can be eliminated using Knot Puller Protector. After reeling the knot puller gently and strongly, the tightening will get done without any damage on the line. It can be used for any fishing method where highly strength tightening is required.

**new**

**LINE PULLER • CZ 9896**

When lines with high tensile strength get stuck, it can be difficult to tear them or in extreme cases when they break in. This can happen when fishing takes place in narrow spaces or from a boat. The Line Puller offers solution to this problem. All to be done is to roll up a few rounds of line- any running-down is prevented by the edges- then with the hand put in the protection opening, you can easily release or tear your assembly. The device can be attached to a belt or a bag with the help of a spring hook, so it can always be at hand, if needed. We recommend it for different methods of fishing that require high tensile strength, because its use can help avoid damages to the spindle and rods.

**new**

**COB LED BIVVY LAMP • CZ 3016**

Efficient bivvy lamp for fishing, hunting, camping or any outdoor activity.

- 3W COB LED (500 lumens).
- Adjustable brightness.
- Working time: 150 hours, 20 hours max at full brightness.
- Splashproof design.
- For all-weather use.
- Lightweight.
- Batteries: 3 x D (not included).

**DIMMABLE BIVVY LAMP • CZ 3023**

Compact bivvy lamp for fishing, hunting, camping or any outdoor activity.

- 3W LED (220 lumens).
- Dimmable.
- Working time: 40 hours at full brightness.
- Splashproof design.
- For all-weather use.
- Lightweight.
- Batteries: 4 x AA (not included).

**BUG ZAPPER BIVVY LIGHT • CZ 2927**

Rechargeable lamp and mosquito killer for indoor/outdoor use featuring:

- Super bright and energy saving LED light (200 lm).
- The violet LED effectively attracts mosquitoes and bugs.
- The 2000V grid zaps the mosquitos.
- Effective area: 30-40 m².
- 4 modes: OFF/LIGHT/LIGHT+ZAP/ZAP
- Working times: 8 h only light, 9 h only zap, 5 h light/zap.
- IP44 - splash proof.
- Built in 2000mAh rechargeable battery.
- Charging: USB DC5V 2000mA (max. 3,5 h).
- A cleaning brush and an USB cable included.

**COB LED CAMPING LAMP • CZ 5362**

- 3 x COB LED.
- 1250/650/360/50 lumens.
- 4 lighting modes: High/Mid/Eco/Low.
- Working time: 10 hours in Eco, 3 hours in High.
- Power supply: 4 x D batteries (not included).

**UMBRELLA&BIVVY LIGHT • CZ 3047**

Round bivvy lamp for fishing, hunting, camping or any outdoor activity. Batteries: 3 x AA (not included).

- Spring loaded jaws for fixing on poles.
- 4 independently movable heads.
- 4 x 3 LED (200 lumens).
- 4 brightness levels.
- Splashproof design.
- For all-weather use.
- Built-in hooks.
- Lightweight.

**ZOOM HEADLAMP • CZ 3354**

- 3 W super bright LED (distance: more than 150 meters). Zoomable light beam.
- 90° tilting head. Waterproof design.
- For all-weather use.
- Aluminum alloy head.
- Adjustable head strap.
- Batteries: 3 x AAA (not included).

**VIVID COB LED HEADLAMP • CZ 0640**

- 3 W COB LED (130 lumens).
- Modes: HIGH/LOW/FLASH/OFF.
- Tilting head.
- For all-weather use.
- Lightweight, compact size.
- Adjustable head strap.
- Batteries: 3 x AAA (included).

**PRACTIC-ZN COB LED LAMP • CZ 0459**

Versatile, literally an all-round utility lamp and flashlight featuring:

- 170-190 lumen COB LED, 30-40 lumen LED.
- Solid yet lightweight body, soft touch duo colour finish.
- 180° degree pivoting stand with magnetic base, hanging hook. 3xAAA batteries (not included).

**CZ 0381 COB LED KEY HOLDER**

Handy little gadget with bright yet energy saving COB LED with three modes (OFF/HIGH/LOW). It uses 2xCR2032 batteries (included).

**SMALL-SMART HEADLAMP • CZ 2941**

- 3W LED (60 lumens) main.
- 2 x 1W LED (2x20 lumens).
- Modes: LOW/HIGH/OFF.
- Splashproof design.
- All-weather use.
- 60° tilting head.
- Lightweight, compact design.
- Adjustable head strap.
- Battery: 1 x AA (not included).

**MULTI-UV HEAD LAMP • CZ 7557**

A special headlamp for night fishing with two COB LEDs. Thanks to the integrated UV LED the fluo lines can be seen perfectly in the dark.

- Extra bright COB LEDs (1.6W, 60 lumens)
- UV LED for better visibility of the fluo lines
- Lighting modes
  - COB LED: high / low / flash / off
  - UV LED: on / off
- Splash proof design
- Batteries: 2 x AAA (not included).

**CZ 5355 ORIGO HEADLAMP WITH MOTION SENSOR**

MARSHAL

- 3W LED; 2 x COB LED; 2 x red LED.
- 120 lumens; 2 x 40 lumens.
- 3 lighting modes: High/Low/Flash.
- Working time: 8 hours max with 3W LED.
- 60° tilting head.
- USB charger is included.
- 1200 mAh Li-ion rechargeable battery (included).

**FOCUS-N HEADLAMP • CZ 4051**

- 4W high power white XPE/T6 LED.
- 1000 lumens.
- Lighting modes: High/Low/Flash.
- Working time: 8 hours.
- 90° tilting head.
- 220V charger is included.
- 2 x 4200 mAh rechargeable batteries (included).

**ENTRANT HEADLAMP • CZ 5348**

- 3W COB LED. 90 lumens.
- 3 lighting modes: High/Low/Flash
- Working time: 10 hours.
- Power supply: 3 x AAA batteries (not included).

**TAPE MEASURE • CZ 6086**

This handy tape measure is just the perfect size to fit in your tackle box or storage box in your boat. Length: 150 cm.

**LIGHT-A-BEER 3 IN 1 • CZ 2447**

- Flashlight, beer opener, key chain.
- Power supply: 3x1,5 V LR44 batteries (included).

## **CLOTHING & FOOTWEAR**

The Outwear by Carpzoom features a basic range of fishing apparel. What started as a quality fishing bait brand has developed a wide range of fishing products. The Carp Zoom outwear is designed for the devoted angler to suit all weather conditions featuring a line of thermo suit, jackets, boots, rain protection clothing, t-shirts, hats, caps and even stylish sunglasses. The used materials and technology guarantee that all you have to take care is fishing.

### X-RAIN COAT

**MOSQUITO JACKET • CZ 9926**

Stagnant waters as result of floods, heavy rains, or warm winters may from time to time cause the presence on the water fronts of huge amounts of mosquitoes making fishing almost completely impossible. The Mosquito Jacket is a lightweight, mosquito-net-like, UV-resistant outerwear which provides an excellent protection against the attack of blood-sucking insects. We recommend to anglers who often fish in wild waters under extreme conditions, away from towns.

- Adjustable closure – one size fits most.

**WINTER CAP WITH LED LIGHT • CZ 3262**

- Fleece lining for maximum warmth.
- Built-in 5 LED light (batteries: 2 pcs CR2032, not included).

# FISHING LURES

Variety of soft and hard lures suitable for most of the fresh water predators built from quality materials to help you get hits on your line. Different types and colours can be found in the range even special ones like the duckling, the tortuga or the frogs. Browse our tested range of lures suitable for zander, pike, perch, catfish or roach just to name a few.

**FAT MOUSE** PREDATOR-Z

The Fat Mouse top water lure is the best one during the 'mouse swimming' period of the year. Thanks to the placement of the hooks it is completely weedless. Target fish: pike, catfish, largemouth bass. 7 cm / 21 g.

**SLIM MOUSE** PREDATOR-Z

The Slim Mouse top water lure is the best one during the 'mouse swimming' period of the year. Thanks to the placement of the hooks it is completely weedless. Target fish: pike, catfish, largemouth bass. 6 cm / 12 g.

**DUCKLING** PREDATOR-Z

A perfect choice if the target fish is pike, smallmouth bass or smaller catfish. Recommended to retrieve it slowly with some sudden moves to increase the waves and the splatter the duckling creates. Thanks to the placement of the hooks it is completely weedless. Size: 6,5cm/11,5g.

**TORTUGA** PREDATOR-Z

A perfect choice if the target fish is pike, smallmouth bass or smaller catfish. Recommended to retrieve it slowly with some sudden moves to increase the waves and the splatter the turtle creates. Thanks to the placement of the hooks it is completely weedless. Size: 5,5cm/11g.

**DANCING FROG** PREDATOR-Z

If the goal is to fish close to the shore, next to the reed or the place is weedy the Dancing Frog can be ideal if the target fish is pike or smallmouth bass. Recommended to retrieve it slowly with stops and some sudden moves. Thanks to the placement of the hooks it is completely weedless. Size: 6,5cm/11,5g.

**JUMPING FROG** PREDATOR-Z

A perfect choice if the target fish is pike, smallmouth bass or smaller catfish. Thanks to the shape of the legs it creates smaller waves even when retrieving slowly just like a real frog. The waves and the splatter it generates can be increased with some sudden moves. Thanks to the placement of the hooks it is completely weedless. Size: 6,5cm/15,5g.

**POPPER FROG** PREDATOR-Z

Developed for fishing for pike and smallmouth bass. Thanks to its unique shape it is used very effectively overseas by the professional bass anglers. If reeling it in with sudden tugs it creates a noisy splatter just like if using poppers. Thanks to the placement of the hooks it is completely weedless. Size: 6 cm / 16 g.

**CENTIPEDE KILLER** PREDATOR-Z

The Centipede Killer is a splendid universal UL lure for situations when other lures have failed. Its unique action, the vibrating legs and tentacles make it irresistible. It is recommended to use with micro-jig hook. Target fish: perch, Volga zander. Size: 4 cm.

**OFFSPRING TAIL KILLER** PREDATOR-Z

The Offspring Tail Killer is a no action lure but thanks to its soft material it is quite efficient in warming waters. However, the best result can be achieved with drop shot technique in shallow lakes and slow flows. Target fish: Volga zander, perch. Size: 5 cm.

5 pcs

5 cm

**RIBBED KILLER** PREDATOR-Z

Thanks to its soft yet durable material the Ribbed Killer is perfectly suitable for lakes and rivers. The ribbed surface ensures extra vibration. The body has a notch for offset hook so even a tangly water no match for it. Target fish: pike, zander, Volga zander, catfish.

**BLADE SHAKER** PREDATOR-Z

Unlike the classic blade lures the Blade Shaker has more abdominal weight increasing the casting distance. The perfect solution for fishing remote areas for asp and for bottom jig fishing. 5 cm / 13,5 g.

1 pc

CZ 8547

CZ 8523

CZ 8530

CZ 8554

**CURVE MINNOW** PREDATOR-Z

Sinking hard lure with cunningly curved body for chasing zander. Recommend for using in mid-water. After hitting the water 1-2 seconds waiting is advised then during the intense retrieving strong snaps can be expected. 6 cm / 7,1 g.

**IMMORTAL SHAD** PREDATOR-Z

Traditional shape, stunning colors feature this hard lure. The floating version is recommended rather for summer or early autumn when the water is warm while the sinking version can be effective in cold or cooling waters. 5 cm / 4 g.

**ARROW MINNOW** PREDATOR-Z

Imitation of a bleak, a typical top-water fish. Best to use next to rocks and reed beds, especially in warm waters. Unbeatable when bleak spawn. During the day asp, at dawn and at sunset zander and catfish can be expected. Changing the speed of retrieving the catchiness can be increased. 9 cm / 9,2 g.

**POPPZOOM** PREDATOR-Z

Classic surface popper, an indispensable hard lure for summer predator fishing. Guided by slow flicks the predator fish will take it off the surface. Asp, pike, largemouth bass will love it! Its size is ideal for the stock of the commercial lakes and inland rivers. 5,5 cm / 5,6 g.

**SHOTGUN BLADE** PREDATOR-Z

Compared to its weight the Shotgun Blade is a thin-bodied traditional minnow lure. Its key feature is the slow sinking ability. Recommended to use before the spring warm-up in cold water when using an extremely slow retrieving even the most inactive fish can be tempted to catch it. Best to be lead in mid-water with occasional stops. 6,5 cm / 5,7 g.

**BABY PERCH** PREDATOR-Z

Slow sinking hard lure for times when the fish prefer to be in mid-water. Excellent for using in turbid waters as well. Despite of its small size it has a strong wobbling effect. Beside the classic predator fish even European chub can be counted on. Recommended to use with a fluorocarbon leader. 4,5 cm / 3 g.

**UL S MINNOW** PREDATOR-Z

Slow sinking hard lure suitable to use in any depth. Thanks to its built in weight longer casts can be achieved. Perfectly balanced and the suggested reeling speed is slow (stop-and-go) or middle.  
• Size: 3,5 cm / 2,6 g.

**TINY FISH** PREDATOR-Z

Mini crank lure designed for UL spinning. Combines the shape of a fry and of a bug. Highly recommended to use thin line and fine rig. Retrieve it slowly with longer stops. Size: 3 cm / 2,4 g.

**UL BUG** PREDATOR-Z

Bug shaped floating hard lure. Retrieve it slowly with longer stops to imitate the flurry action of a drowning bug. Size: 3,2 cm / 3,5 g.

**UL CRANK** PREDATOR-Z

Floating hard lure in classic crank style. The suggested retrieving is slow stop-and-go or middle speed. Size: 4,0 cm / 4,2 g.

**DEEP CRANK** PREDATOR-Z

Deep going floating hard lure. It is easy to pull it down deep thanks to the longer lip shape which is not widely used on lures designed for UL fishing. Size: 2,8 cm / 2,2 g.

**ANGRY CRANK** PREDATOR-Z

Floating hard lure in crank style. It has quite a wide moving action even at low speed but it does not overdo it at higher speed either. Thanks to its chubby shape it is easy to cast to bigger distances.  
• Size: 5,0 cm / 8,0 g.

**BEETLE** PREDATOR-Z

Floating hard lure in crank style. Thanks to its chubby shape it can successfully trick even bigger predators. Slow or middle reeling speed is recommended. Size: 5,0 cm / 7,8 g.

# La Sirène X21

X21 is a fast, competition groundbait. Its ingredients have remained secret for more than 50 years. It has always been made in the same way, from the same carefully controlled raw materials. This gives it an extraordinary and powerful attraction in a minimum of time. This groundbait, always up-to date, has suited anglers of all generations whatever their method of fishing is. Groundbait X21 is known throughout the world. It has given satisfaction to millions of anglers over many years thanks to its quality and results. Even champions use it.
